Rich,

Mike has completed the review of the revised QAPP and signed off. We are working on getting it signed (not sure if it should be Mike or Terry Simpson, the regional QAM) but should have it to you tomorrow.

CindyC will need to respond to request #2 and 3.

Fred,

I know you guys are busy and hate to be a nag.....

I wanted to check progress on a couple requests we have from Cabot.

- 1.I sent the revised QAPP (Mike's comments addressed) to you all for signature.
- 2.Cabot is still very interested in getting all the methods info.
- 3.Cabot is particularly interested in the HPLC method for glycols. I think they want to attempt the method you all are using.

So if you could please let me know where we are at on these requests.

thanks  
Rich

Correct.

The 2010 revised QAPP (Micheal's comments addressed) is the now awaiting lab signature, correct?

Rich,  
As per our telephone conversation this evening, we will not review this site specific QAPP.
